NAME THE TEAM CONTEST

The Blue Jays were named in a contest conducted in June and July of 1976. Over 30,000 individual entries were received, suggesting over 4,000 names for the new American League club. From the list of names submitted, specially-appointed panels of judges selected ten names to submit to the Board of Directors. The Directors chose the name "Blue Jays" from that list and announced their decision on August 12th, at which time the team officially became the Toronto Blue Jays Baseball Club.

A total of 154 people submitted the name Blue Jays, and a drawing was held to select a grand prize winner from those who submitted the name. Dr. William Mills of Etobicoke, Ontario, won a pair of season tickets for 1977 and an all-expenses paid trip for himself and his family to watch the Blue Jays at spring training in Dunedin, Florida. Nine runners-up also won season tickets.

BLUE JAYS LOGO

The Blue Jays logo was created by the Toronto design firm of Savage Sloan, Ltd. It depicts a stylized Blue Jay on a red baseball outline incorporating a red maple leaf. The logo features two shades of blue, and red. It was selected to represent three facets of the club's identity: the team name, baseball, and the fact that the team is Canadian.

The second inter-league trading period comes five days after the close of the World Series and continues until 5:00 P.M. local city time in the city in which the meetings are being held, the day before the last scheduled day of the Annual Meetings.

National Association–Waivers are required at all times for assignment to National Association, except for optional assignments within three years of date player first reported to the major leagues.

Waiver and Draft Prices

Waiver Price is	$20,000
Major League Draft Price is	25,000

FREE AGENT DRAFT RULE: Major league and National Association clubs participate in two meetings a year for the purpose of drafting free agent player talent. Selection of a free agent entitles the club to the exclusive right of negotiation with the player for a specified period (from the date of selection until 15 days prior to the next draft meeting). Draft meetings are held in June and January.

There are two phases to each draft meeting:
(1) Regular Phase: Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age. . . Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level. Minor league clubs select in the same relative order as their parent clubs.

(2) Secondary Phase: Selection of free agents who had been drafted previously but who had not signed contracts before the negotiation right expired (except those draftees who had enrolled in a four-year college and had since graduated or become 21 years of age–now drafted in Regular Phase). . . It is possible for a club to redraft a player whom it had been unable to sign after the original selection, but only with the express written consent of that player. . . The order of selection is by lot with the 26 major league clubs divided into two 13-team groups with the groups alternating having first selection in respective drafts.

If a club fails to sign a drafted free agent, its exclusive right to negotiation will expire on a specified date (see below). . . Such a player then becomes eligible to be selected at a subsequent date in the secondary phase of the draft.

Date Selected	Rights Expire
Winter Draft	15 days prior to Summer draft
Summer Draft	15 days prior to Winter draft

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME: A game becomes a suspended game if it is terminated for any of the following reasons: (1) a curfew imposed by law; (2) a time limit permissible under league rules; (3) light failure or malfunction of a mechanical field device under control of the home club (including automatic tarpaulin or water removal equipment; or (4) darkness because of any law, the lights may not be turned on. No game called because of a curfew or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game (see above). A game called under either provision (3) or (4) shall be a suspended game at any time after it starts. Note: weather and similar conditions shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the four reasons specified.

Since 1980, if WEATHER forces the termination of a legal game while an INNING IS IN PROGRESS, it will become a suspended game if either of the following two conditions exists: (1) The visiting team has scored one or more runs to tie the game and the home team has not scored, or, (2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or taken the lead. If a legal game is tied when called because of weather and neither situation listed above prevails, it is a tie game and must be replayed in its entirety.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled single game between the two clubs on the same ground. . . If this is not possible, other provisions for resumption are specified in American League Regulation 3.8.

A game called at the END of a completed inning AFTER NINE INNINGS for any reason shall be a SUSPENDED game. This rule became effective in 1969. Formerly, the game would have been declared a tie and replayed in its entirety at a later date.

DISABLED LISTS: REGULAR DISABLED LIST: Maximum number of players on list at any one time–three (3). Minimum period of activity–twenty-one (21) days. Players may not be placed on the Regular Disabled List earlier than fifteen (15) days prior to the start of the Championship Season. SUPPLEMENTAL DISABLED LIST: Maximum number of players on list at one time–two (2) of which no more than one (1) may be a pitcher. Minimum period of inactivity fifteen (15) days. SPECIAL DISABLED LIST: Maximum number of players on list at any one time–one (1). Minimum period of inactivity–thirty (30) calendar days. Placements on this List are limited to Clubs who have two (2) players on the Supplemental Disabled List, and three (3) players on the Regular Disabled List, and subsequently incur an injury or ailment to a player whose estimated disability will exceed twenty-one (21) days, yet be less than sixty (60) days. EMERGENCY DISABLED LIST: Maximum number of players on list at one time–no limit. Minimum period of inactivity–sixty (60) calendar days. Players placed on this list after August 1st shall remain there for the balance of the season.

ITEMS OF INTEREST (Continued)

AMERICAN LEAGUE CURFEWS: No inning of an American league night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final game of the season between two teams in each of the cities.

BALTIMORE CURFEW: On Saturday nights in Baltimore, all play must stop at 11:59 p.m. regardless of the game situation. The weeknight curfew in Baltimore no longer exists.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games.). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch 162 or more innings and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: A fielding champion must appear in 108 games at his position, except a catcher, who must appear in 81 games.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:
(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
   (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
   (b) He enters the game with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
   (c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

ITEMS OF INTEREST (Continued)

EARNED-RUNS RULE: The determination of earned-run is as follows:

"An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play."

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs scored by batters who reach base off the reliefer are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgment, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled, flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition to being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President. (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

GAME WINNING RBI: The RBI that gives the club the lead it never relinquishes.

RE-ENTRY DRAFT INFORMATION

Criterion for Ranking Players: Ranking players are those in the top 30 per cent at their position over the past two years on the basis of a set of pre-determined statistics. Type A players are in the top 20 per cent, Type B in the 21-30 percentile.

Players who previously have gone through the Re-Entry Draft and those with 12 or more years of credited service may not be ranking players. Players selected by fewer than four clubs are free to sign with any club.

Five teams–Boston, Oakland, Los Angeles, Pittsburgh and Philadelphia–elected in 1984 not to participate in the selection of Type A ranking players and, as such, are considered to be "excluded" for three years or through the 1986 Re-Entry Draft.

Compensation for Ranking Players: Compensation for ranking players is as follows:

- Type A: An amateur draft choice plus a professional player selected from a pool of all non-protected players.
- Type B: Two amateur draft choices (one from the selecting club and the other an added special choice in the June Free Agent Draft.

All clubs with the exception of the excluded clubs must make players available to the pool for possible selection as compensation. A club which does not sign a Type A player is entitled to protect 26 players in its organization, a club that signs a Type A player can protect 24. No club may lose more than one player a year from the pool. A team losing a player from the pool for the first time shall receive $150,000 from a fund created by equal contributions from all the clubs.

Selection Procedure: There is no limit to the number of clubs that may select negotiation rights to a player. Selections in the Re-Entry Draft will continue until each club passes in two consecutive rounds. Any club that passes in two consecutive rounds is no longer eligible to make selections, except to retain negotiation rights with its former players.

The number of players in the draft determines how many free agents a club may sign. With that number above 39 each club may sign three. Teams losing more than three players are eligible to sign a number equal to the total lost.

TORONTO BLUE JAYS 1984 SEASON IN REVIEW

SPRING TRAINING: The BLUE JAYS opened their eighth Spring Training at Dunedin and their third under manager BOBBY COX. . . For only the third time in their history, the club finished under .500 posting a 13-16 record. . . They were 6-6/.500 within the friendly confines of Grant Field and 5-10/.333 on the road. Counting the home games vs Milwaukee at Vancouver's B.C. Place, the club finished at 8-6/.571 as the home team. . . vs the National League the BLUE JAYS were 6-7/.462 while posting a 7-9/.438 record vs the American League. . . The Spring Training record is somewhat misleading, however, as the club dropped six of its first eight games. . . Offensively, the club batted .247 with 38 HR's and 109 RBI's. . . GEORGE BELL led the way setting a club mark with a .448 average in 20 games. . . He also stroked 5 HR's and 15 RBI's. . . DAMASO GARCIA tied his club mark of eight doubles set initially in 1981. . . On the mound, AL WIDMAR's staff posted a 4.83 ERA. . . JIM GOTT and non-roster invitee JIMMY KEY led the staff in wins each posting 3-2 records. . . Left-hander STAN CLARKE led the staff with two saves, accounting for one-half of the club's total. . . For the second consecutive season the BLUE JAYS were big winners at the gate drawing a club record 32,869 at Grant Field for an average of 2,739 over 12 dates. . . The club also set a road attendance mark as 164,890 fans watched the BLUE JAYS in 17 road dates for an average of 9,699 per date. . . This included 106,238 for a three game weekend series at B.C. Place in Vancouver vs the Milwaukee Brewers. . . The club also established a Grant Field single game attendance mark on March 14th when 3,470 fans were on hand as the BLUE JAYS were defeated by the Boston Red Sox, 11-1.

THE SEASON: Coming off of their most successful season in franchise history, the BLUE JAYS fans received a taste early of what the club's deficiency would be. . . Opening Night (April 4th) at Seattle's Kingdome JIM CLANCY pitched a masterful 7.2 innings before turning the game over to the bullpen. . . The BLUE JAYS lost 3-2 in 10 innings as newcomer DENNIS LAMP took the loss. . . The place in the AL East was set by the Tigers as they won their first nine games and through April 27th, had a record of 16-2/.888 while the BLUE JAYS kept pace $5^1/_2$ games behind with a 12-9 mark. . . On April 28th at Royals Stadium DAVE STIEB defeated Kansas City 6-0 in one of his more spectacular performances of the season. . . What was more significant was that the BLUE JAYS moved one-half game ahead of the Cleveland Indians into sole possession of second place, a position they would hold for the remainder of the season (156 days). . . The club finished April with a 13-9 record marking only the second time in franchise history that the club had started the season over .500 for the first month. . . (Club was 9-7 in '80, with club record for April wins being 10-11 in 1978). . . While frowned upon by the rain gods in May (five ppd's in the month's first 13 days) the club set an all-time club mark winning 19 of 25 games. . . During this record month the club set a club mark with a 7-game win streak from May 21-27 and a club record 9-game home win streak (May 21-27; June 1-2). . . This was all accomplished even though the BLUE JAYS cracked only 12HR's in 25 games. . . While the BLUE JAYS set all kinds of club marks during the month, the BLUE JAYS trailed the Tigers by $5^1/_2$ games, identical to April 30th. . . As June opened the club would play the Tigers seven times (including four at Tiger Stadium) in 10 days. . . The BLUE JAYS did what was required. . . They split the four at Detroit (they were $3^1/_2$ games back on June 6th after taking 2 of the first three). . . The closest they would get for the season after April 21st, 15 games) and took two of three at Exhibition Stadium. . . During that 10-day stretch, however, the BLUE JAYS dropped to 6 games off the pace due largely to a three-game sweep by New York at Yankee Stadium which was sandwiched in between the two Tiger series. . . What really hurt was that the BLUE JAYS allowed New York to win two of the games in the club's final at bat. . . The series at New York was the start of a "final series of a road trip" losing streak which plagued the club into August. . . After the Yankees series loss, the BLUE JAYS won only nine of their next 19 games in June. . . They finished June at 13-16/.448 marking the first time since August '83 that they had finished a month below .500. . . The club would rally, however, winning five of its first eight games in July, allowing the club to finish at the All-Star break with a 50-34/.595, seven games behind the Tigers. . . The BLUE JAYS also had the second best record in the Major Leagues trailing only those Tigers (57-27/.679). . . At the All-Star break the BLUE JAYS led the league in hits (816), total bases (1275), doubles (150), triples (45), hit-by-pitch (27), fewest ground into double plays (42), slugging percentage (434) and intentional walks (30), while second in stolen bases (92) and batting average (.278) and third in runs (394) and RBI's (369). . . On the pitching side the club was third in ERA (3.60). . . The second half would be difficult at first as the BLUE JAYS opened with a 15-game road trip (Oakland-4, California-3, Seattle-4, Kansas City-4) and started with the BLUE JAYS playing 21 of their first 27 games on the road with all but three of those games against the weaker Western division cousins. . . The BLUE JAYS finished the first 11 games on the coast with a 7-4/.636 record including a miraculous 12-7 win at the Kingdome on July 20th. . . In that game the BLUE JAYS tallied a club record 11 times in the ninth on a club record 11 hits. . . By the time the game had ended Seattle had tallied four times in the bottom of the ninth as an American League record 15 runs were scored in that ninth inning. . . Riding a high into Kansas City, the BLUE JAYS rapidly found themselves $11^1/_2$ games behind the Tigers after dropping four straight to the AL West's fourth place Royals. The BLUE JAYS promptly lost 4-2 and 5-4 to Texas to open the homestand extending the losing streak to a season-high six games. . . By the end of July the BLUE JAYS found themselves 12 games behind the front-running Tigers. . . When all seemed lost, the club promptly walked into Baltimore (August 3rd-5th), a notorious BLUE JAYS graveyard, and swept three from the World Champion Orioles. . . This marked the first time that the BLUE JAYS had ever swept a series at Memorial Stadium. . . The opportunity was there again for the BLUE JAYS to gain ground on the eventual World Champions. . . Because of early season postponements the Tigers were forced to play three consecutive doubleheaders while the BLUE JAYS finished up their series at Baltimore prior to moving on to Texas (the Rangers were tied at the time with Cincinnati for the second worst record in baseball, trailing only San Francisco). . . While the Tigers won only two of the six games, the BLUE JAYS managed to lose the two games at Texas in the Rangers' final at bat. . . Despite this set back the BLUE JAYS found themselves nine games behind. . . Life would get tougher for the club as they embarked on an eight-game, six day road trip to Cleveland and Chicago. . . On August 14th, the BLUE JAYS swept the Indians to move within $7^1/_2$ games of Detroit but saw the advantage slip away the next night losing 16-1 and 4-3 (13 innings) to the same Tribe. . . The club did manage to win five of their last six in August finishing with an 18-12/.600 mark in the most wins the club had ever registered in August. . . Ending August $9^1/_2$ games off the pace, the BLUE JAYS still were a factor because of the six games remaining with Detroit. . . Pennant hopes were rapidly dashed as the Tigers took five of the six games including three straight at Exhibition Stadium (September 5th-7th). . . With pennant hopes all but squashed, the battle for second place began. . . The BLUE JAYS never relinquished the position despite finishing September with a 12-16 record. . . The closest the race came was on September 1st when the club led New York by one game and Baltimore by two games. . . In all, the BLUE JAYS finished at 89-73/.549 identical to their 1983 record. . . The closest the race for first place became (after the first 15 games) was $3^1/_2$ games on June 6th.

WINS & LOSSES: The BLUE JAYS finished at 89-73 marking the second time in franchise history that they had eclipsed the .500 mark. . . JAYS had first 'tie' in their history when their game of May13th (1st game) was called in 7th inning with score at 4-4. . . The club fared better in this first half (50-34/.595) than in the second half (39-39/.500). . . **HOME:** BLUE JAYS set a club mark finishing at 49-32/.605, one game better than a year ago and were third best in the league trailing only Detroit (53-29) and New York (51-30). . . **ROAD:** BLUE JAYS finished at 40-41/.494 one game below last season's franchise high. . . **vs EAST:** BLUE JAYS finished at 37-41/.474, two games below the record pace of a year ago. . . In fact only three AL East clubs finished over .500 vs their divisional foes, namely Detroit (47-31), New York (45-32) and

Boston (45-33). . . BLUE JAYS were 22-17/.564 at home vs AL East. . . Club enjoyed first time series wins vs Baltimore (9-4) and Boston (8-5). . . Club also won the season series from Cleveland (7-6). . . **vs WEST:** Club finished at 52-32/.619 surpassing the franchise high of 50-34/.595 set a year ago. . . BLUE JAYS were 27-15/.643 at home and 25-17/.595 on the road. . . REMAINING BLUE JAYS: Only three players remain with the Blue Jays from the 1976 Expansion Draft. They include pitcher Jim Clancy (3rd selection–Texas Rangers), catcher Ernie Whitt (17th round, Boston) and third baseman Garth Iorg (21st round–New York).

REMEMBER? Doug Ault is the only Blue Jays player to hit two HR's in his first game with the club. It occurred in the franchise's first game, April 7, 1977 vs Chicago.

11TH IN MAJOR LEAGUE HISTORY: When Al Woods batted for Steve Bowling in the 5th inning on April 7, 1977 he became the 11th player in major league history to hit a HR as a pinch hitter in his first at bat.

FORFEIT GAME: The Blue Jays have played one forfeit game, a 9–0 decision vs Baltimore on September 15, 1977. In that game Clancy had held the Orioles to two-hits over five innings before Earl Weaver pulled his club off the field. His reason was that the tarps on the Blue Jays bullpen created a hazard for his players.

THREE HOME RUNS IN A GAME: Did you know that Otto Velez is the only Blue Jays player to hit three HR's in one game? It occurred in the first game of a DH on May 4, 1980 vs Cleveland at the expense of Dan Spillner, Wayne Garland and Sid Monge. Four opponents have hit three home runs in a game off Blue Jay pitching and all four have done it at Exhibition Stadium. John Mayberry (Kansas City) on June 1, 1977; Cliff Johnson (New York) on June 30, 1977; Eddie Murray (Baltimore) on September 14, 1980; Jim Rice (Boston) on August 29, 1983 (2nd game).

1-0 GAMES: The Blue Jays are 7–6 in 1–0 games. By year they are; 1979 (0–3), 1980 (5–0), 1981 (0–2), 1982 (0–1), and 1984 (2–0). STOLEN BASE DATA

The Blue Jays set club marks in 1984 in most stolen bases (193) and highest stolen base percentage (74.2). This lifted the franchise's overall percentage to 64.1% over eight seasons. Here's a rundown of past performances.

Year	SB	CS	Attempts.	Success Rate	Year	SB	CS	Attempts.	Success Rate
1977	84	75	159	52.8	1981	55	35	90	61.1
1978	101	66	167	60.5	1982	78	46	124	62.9
1979	85	56	141	60.3	1983	83	46	129	64.3
1980	115	53	168	68.5	1984	193	67	260	74.2
					Total	794	444	1238	64.1

NO HITTERS: No Blue Jays pitcher has ever thrown a no-hitter. Jim Clancy came the closest on September 28, 1982 in the first game of a doubleheader at home vs Minnesota. Clancy had a perfect game after eight innings. In the ninth inning DH Randy Bush led off with a Texas league single to right field. After walking pinch-hitter Randy Johnson, Clancy finished the game with a one-hit 3–0 shutout. There has only been one no-hitter pitched against the Blue Jays. Cleveland's Len Barker threw a perfect game vs Toronto (3–0) May 15, 1981 at Cleveland.

IRON MAN STREAK: Alfredo Griffin holds the Blue Jays record by playing in 392 consecutive games between September 6, 1981 and May 27, 1984 (second game). At the time that the streak was snapped it was longest current streak in the Major Leagues. Ironically, Griffin entered that game in the 9th inning as a pinch runner and scored the winning run in a 2–1 game. However, since Griffin only appeared as a pinch runner, he did not receive credit for a game played to extend the streak (Rule 10.24(c)). The club's current longest streak is 42 games by George Bell.

STARTING LEFTY SHORTAGE: Going into the 1985 season the Blue Jays have gone 594–games without a win by a starting lefthander. The last Blue Jays starting lefthander to register a win was Paul Mirabella who defeated the Red Sox 3–1 at Boston on October 4, 1980 (second game). When Bryan Clark lost 8–3 at Detroit on September 16th/84 it marked the first decision by a Blue Jays starting lefthander in 353–games–the last being August 17, 1982 by Dave Geisel.

DOUBLEHEADER SHUTOUTS: Did you know that the Blue Jays have never shut out opponents in both ends of a doubleheader? Conversely, the Blue Jays have been shut out in both ends of a doubleheader twice: losing 8–0 and 6–0 to Boston at Toronto on September 5, 1977 and losing 15–0 and 2–0 to New York at Toronto on September 25, 1977. The Blue Jays have been shut out in one end of a doubleheader on 13 occasions (nine DH losses and four splits). The Blue Jays have also shut out the opposition in one end of a doubleheader on three occasions (two wins, one split).

PINCH HIT POTENTIAL: The Blue Jays set a club mark with three pinch hit HR's in three consecutive at bats, August 1, 3, 5, 1984. After going 126 at bats in 1984 without a round-tripper Ernie Whitt lit up Kansas City's Bret Saberhagen, for two runs on August 1st. Then at Baltimore on August 3rd Orioles reliever Bill Swaggerty fell victim to a three-run shot by Willie Aikens. The final HR was a solo blast by Cliff Johnson vs Orioles Tippy Martinez on August 5th. It was Johnson's 19th career PH HR which set a new major league record.

BASE THEFTS ABOUND: On August 5, 1984 at Baltimore the Blue Jays set a club record with seven stolen bases. Dave Collins and Willie Upshaw each set personal highs with four and two respectively while Lloyd Moseby picked up one. Ironically, not one of the seven stolen bases figured in the scoring of a Blue Jays 4–3 win.

THE PEARSON CUP

The Pearson Cup Game is an annual exhibition series between the Montreal Expos and the Toronto Blue Jays. The series is named in honour of the late Prime Minister of Canada and Nobel Peace Prize winner, Lester B. Pearson. The proceeds from the game are donated to amateur baseball in Ontario, Quebec and Canada.

The game is played during the season with the site alternating on a yearly basis between the home parks of the two clubs, Olympic Stadium in Montreal and Exhibition Stadium in Toronto. The 1985 game is set for Montreal on Thursday, May 9th at 7:05 pm.

The series currently stands at 3-2-1 in favour of Montreal with the BLUE JAYS having taken the past two games by scores of 6-5 (1984) and 7-5 (1983). Prior to these past two meetings Montreal had won the other two meetings at Olympic Stadium, a 5-4, 10-inning decision in the inaugural match of 1978 and a 3-1 victory in 1980. The BLUE JAYS only loss at Exhibition Stadium occurred in 1982 by a 7-3 score. The 1979 game at Toronto ended in a 4-4 tie after 10½ innings as a result of a curfew due to Montreal's travel schedule. The 1981 game was cancelled due to the players' strike.
